

# WHY ACTIVE STORYTELLING IS SO IMPORTANT ...

Animateys is about far more than just telling nice stories: It's about sharing stories actively! Each session is comprised of an interactive warm up, the story itself, and around 15 minutes of lively activities where the children get to relive the story through song, movement, vocalisation and drama games.

**As such the children develop skill across a wide range of important areas!**

## DEVELOP KEY SKILLS

The sessions develop listening & speaking skills as well as physical coordination and helping the children explore emotions ...

## BUILD VOCABULARY

The stories and activities are packed with rich vocabulary and - since the children get to play with words & sounds actively themselves - the vocabulary is far more likely to stick! Also see our Facebook and Instagram for a weekly WOW word!

## DEVELOP EARLY LITERACY SKILLS

Enjoying the stories and games regularly helps children start to make sense of story structures, patterns of speech & rhyme - all essential building blocks for learning to read and write.

## LEARN ABOUT THE WORLD

Stories are an enormously powerful tool for learning about the world around us. By allowing children to really LIVE the stories actively, it's as if they are experiencing the events in the story first hand - the best way to learn!

## QUALITY (AND EASY) TOGETHER TIME!

Even the best parents in the world (and do such parents exist?!) sometimes lack the energy and inspiration to interact in meaningful ways with their children... and how rare is it to find something you can both enjoy together?! No planning - just fun together time!

# HAVE FUN! HAVE FUN! AND HAVE FUN!

Our stories, games and activities are super FUN! If our children can develop in some of the ways listed about WHILST HAVING FUN... then we are winning. That's what it's all about!
